

Student Veterans Orientation

Welcome all

VA First-Time Students • VA Current Students • VA Returning Students

This is a great opportunity to meet with other incoming veteran students and helpful support staff on Laredo Community College's campus. Student Orientation assists with the transition to campus and student life at LCC. The program will formally welcome incoming, current and returning students to LCC and provide information and services to help navigate and maximize their educational benefits. In addition, you will learn more about the Veterans Support Services, as well as local community and college resources.
